HOME DEPARTMENT

Notification

Sachivalaya, Gandhinagar, 31st January, 1991.

MOTOR VEHICLES ACT, 1988.

No. G/G/91/11/MVA-1890/3021-KH.—In exercise of the powers conferred by clause (i) of sub-section (I) of section 67 of the Motor Vehicles Act, 1988 (Act No. 59 of 1988) and in supersession of all notifications issued in this behalf, the Government of Gujarat having regard to the provisions of clauses (a) to (d) of the said sub-section (I); hereby issues

directions to the State Transport Authority and the Regional Transport Authority of Bhavnagar Region, regarding fixing of fares and freights for the state carriages operated by the Bhavnagar Municipal Transport Service, Bhavnagar plying in the areas as specified in the Schedule appended to this notification with effect on and from the 3rd February, 1991. namely:—

Fares (inclusive of the amount of tax on passengers, if any, levied or leviable under the Bombay Motor Vehicles (Taxation on Passengers) Act, 1958 (Bom. LXVII of 1958), for the time being in force) for stage carriages plying in the areas and on the routes respectively specified in column-1 and 2 of the Schedule appended hereto shall be subject to such maximum fares as specified against them in column 3 of the said Schedule:

Provided that in the case of any journey under taken by a student if no tax as aforesaid is leviable, the fares for such journey shall be so adjusted as to exclude therefrom the amount of such tax.

SCHEDULE

Area	Routes	Maximum fares inclusive of passenger tax.
1	2	3
Municipal or cantonment areas if any and other adjacent areas having approved routes where stage carriages (city passengers bus services) are operated by the Bhavnagar Municipal Transport Service.	All routes	<p>(i) Seventy five paise per passenger for the first three stages each of 1 km. or part thereof, and</p> <p>(ii) Twenty five paise per passenger for a distance beyond three stages but not beyond five stages each of one K.M. or part thereof.</p> <p>(iii) Fifty paise per passenger for a distance beyond five stages but not beyond ten stages each of one K.M. or part thereof.</p>

- (iv) Fifty paise per passenger for a distance beyond ten stages but not beyond fourteen stages each of one K. M. or part thereof.
- (v) Fifty paise per passenger for a distance beyond fourteen but not beyond eighteen stages each of one K. M. or part thereof.
- (vi) Provided that minimum fare shall be 75 paise :

Explanation :—

In this notification the expression "stage point" or "sub-stage point" means any bus stop approved as such by the Regional Transport Authority for the purposes of computing or charging fares on a route.

Provided further that where the place of boarding is not a stage point or sub-stage point the distance travelled shall be calculated from immediately preceding stage or sub stage point and where the place of getting down is not a stage point or sub stage point the distance travelled shall be calculated upto immediately succeeding stage point or sub-stage point.

*Note—*In this notification the word "Passenger" shall have the same meaning as assigned to it in clause (h) of rule 2 and sub-rule (1) of rule 119 of the Gujarat Motor Vehicles Rules, 1989.

By order and in the name of the Governor of Gujarat,

ગૃહ વિભાગ

સચિવાલય, ગાંધીનગર, તા. ૯મી એપ્રિલ, ૧૯૯૧.

ફોજદારી કાર્યરીતિ અધિનિયમ, ૧૯૭૩.

ક્રમાંક : જજ/૯૧/૩૭/વિશેષ-૨/કમપ/૨૪૮૦/૨૭૫૧ (ભાગ-૧).—સિધ્ધપુરમાં એકઝીક્યુટીવ મેજસ્ટ્રેટે ફોજદારી કાર્યરીતિ અધિનિયમ, ૧૯૭૩ (સને ૧૯૭૪ના બીજા અધિનિયમ)ની કલમ-૧૪૪, હેઠળ કરેલા અને આ સાથેની અનુસૂચિમાં ફરી જણાવેલ તારીખ દહીં ડીસેમ્બર, ૧૯૮૦ના હુકમ ક્રમાંક : પીઓએવ/પ્રતિબંધ/૮૦, જેનો આમાં હવે પછી 'સદરજુ હુકમ' તરીકે ઉલ્લેખ કર્યો છે. તેના નિર્દિષ્ટ કરેલા વિસ્તારોમાં સુલ્લહ અને બપોરો અટકાવવા માટે ગુજરાત સરકારે તેમ કરવું જરૂરી જણાય છે.

તેથી, હવે સદરહુ અધિનિયમની કલમ-૧૪૪ની પેટા-કલમ (૪)ના પરંતુકથી મળેલી સરત્તાની રુએ, ગુજરાત સરકાર આથી આદેશ કરે છે કે, સને ૧૯૮૧ના જાન્યુઆરી મહિનાની ૧૩મી તારીખે સદરહુ હુકમ જેની મુદત આ જાહેરનામું ન હોત તો પૂરી થઈ ગઈ હોત, તે સને ૧૯૮૧ના જાન્યુઆરી મહિનાની ૧૩મી તારીખે અને તે તારીખથી છ મહિનાની વધુ મુદત માટે અમલમાં રહેશે.

અનુસૂચિ :- નંબર : પીઓએવ/પ્રતિબંધ/૯૦.

સિધ્ધપુરમાં ઐતિહાસિક સ્થળ રુદ્રમહાલય આવેલ છે તેની બાજુમાં એક મસ્જીદ આવેલ છે. જે જુસ્મા મસ્જીદ તરીકે ઓળખાય છે અને તે મિલકતો ભારત સરકારના પુરાતત્વ ખાતા તરફથી રક્ષિત ઈમારત તરીકે જાહેર કરાયેલ છે અને તે ઈમારતોના ઉપયોગ સારુ હિન્દુ તથા મુસલમાનોની કોમો વચ્ચે સિધ્ધપુરમાં ઘણી ભારે તંગ પરિસ્થિતિ પેદા થયેલ છે અને તે હાલ પ્રવર્તે છે. આ બાબતે નામ. ગુજરાત સરકારે અગાઉ પ્રતિબંધ વિસ્તાર તરીકે બહાર પાડેલ જાહેરનામાની મુદત પૂરી થાય છે. તેની બન્ને કોમો તરફથી રુદ્રમહાલય અને જુસ્મા મસ્જીદમાં પાક કરવા અને નમાજ પઢવા જાય તેમ માનવાને કારણ છે. હાઈકોર્ટમાં કેસ ચાલે છે. તેનો નિકાલ હજુ આવેલ નથી બન્ને કોમો વચ્ચે ફરીથી તંગદીલી ઉભી થવા સંભવ છે. જેની જાહેર સુલેહશાંતિનો ભંગ થતો અટકાવવાનું ઈષ્ટ જણાય છે અને તેમ થતું તાત્કાલિક અટકાવવા તથા ઝડપી વિધાય યોજવાનું ઈચ્છનીય છે.

તેથી હું બી. આર. પ્રદેશ એકઝીક્યુટીવ મેજિસ્ટ્રેટ, સિધ્ધપુર મને મળેલ ખાસ સરત્તાની રુએ આથી હું ફરમાવું છું કે, નીચે અનુસૂચિમાં જણાવેલ મિલકતોમાં તારીખ ૧૪મી ડીસેમ્બર, ૧૯૮૦ના રોજથી ૩૦ દિવસ સુધી સદર મિલકતોમાં અગર તેની અંદર આવેલ કોઈપણ સ્થળે કોઈપણ રીતે ઉપયોગ કરવો નહીં તેનો પ્રબંધ ફરમાવું છું.

(b) “ministerial personal staff” means the personal staff of a Minister and a Parliamentary Secretary constituted under rule 3;

(c) “direct recruit” means a person appointed in the Ministerial Personal Staff directly and not by transfer,

(d) “Part” means part of the Schedule;

(e) “Schedule” means the Schedule to these rules.

3. *Constitution of Ministerial Personal Staff.*

A Ministerial Personal staff shall consist of posts specified in the Schedule Specifically, created temporarily for the tenure of a Minister, or, as the case may be, Parliamentary Secretary, for the time being, holds office.

4. *Appointments in Ministerial Personal Staff to be after consultation :*

No appointment to any post mentioned in the Schedule shall be made by the State Government except with the consent of the Chief Minister:

Provided that in relation to appointments to posts in the ministerial personal staff of a Minister and Parliamentary Secretary, the Chief Minister may take into consideration any recommendation made by the Minister or, as the case may be, the Parliamentary Secretary.

5. *Appointment to posts in Part-I :*

(1) appointments to posts mentioned in Part-I of the Schedule shall be made by transfer on deputation of,—

(a) persons in any public service or posts in connection with the affairs of the State, or

(b) persons appointed as employees of any Board or Corporation owned or controlled by the State.

(2) A person appointed by transfer on deputation,—

(a) under clause (a) of sub-rule (1) shall draw pay and allowances of the pay scale of the post held by him immediately before the date of such appointment and;

(b) under clause (b) of sub-rule (1) shall draw such pay and allowances as mentioned in the terms and conditions of his deputation mentioned in an agreement between the State Government and the Board or, as the case may be, the Corporation, relating to such deputation and in absence of such an agreement or in absence of any term or condition relating to pay and allowances in such agreement, the pay of the scale of pay of the post held by him immediately before the date of such appointment, and allowances as admissible under the State Government Rules.

6. *Appointment to posts in Part-II.*—Appointments to the posts mentioned in Part II shall be made by the State Government either by transfer on deputation or by direct recruitment.

7. (1) The appointments by transfer on deputation to the posts mentioned in column 2 of Part II shall be made from the,—

(a) persons in the public service or posts in connection with the affairs of the State; or

(b) persons appointed as employees of any Board or Corporation owned or controlled by the State.

(2) A person appointed by transfer on deputation—

(a) under clause (a) of sub-rule (1) shall draw pay and allowances of the pay scale of the post held by him immediately before the date of such appointment, and;

(b) under clause (b) of sub-rule (1) shall draw such pay and allowances as mentioned in the terms and conditions of his deputation mentioned in an agreement between the State Government and the Board or as the case may be, the Corporation, relating to such deputation and in absence of such an agreement in absence of any term or condition relating to pay and allowances in such agreement, the pay of the scale of pay of the post held by him immediately before the date of such appointment, and allowances as admissible under the State Government Rules.

8. (1) No person shall be appointed to the posts mentioned in column 2 of Part-II by direct recruitment unless -

(a) he is a citizen of India and possesses qualifications mentioned against that post in column 3 of that part;

(b) he has passed such medical test of physical fitness as prescribed by the State Government;

(c) he produces such evidence of good character as required by the State Government;

(d) he is not a member of or associated with any Political party ;

Provided that the upper age limit mentioned in column 3 of Part II may be relaxed by the State Government to the extent of five years, in the case of a candidate belonging to the socially and educationally backward class of citizens as generally determined by the State Government to the scheduled caste or Scheduled Tribe :

Provided further that the State Government shall have powers to relax upper age limit in appropriate cases as it may deem fit.

Explanation.—For the purposes of this rule—

(a) "Scheduled Caste" means such castes, races or tribes or parts of or groups within such castes, races or tribes as are deemed to be Scheduled Castes in relation to the State of Gujarat under Article 341 of the Constitution of India.

(b) "Scheduled Tribes" means such tribes or tribal communities or parts of or groups within such tribes or tribal communities as are deemed to be Scheduled Tribes in relation to the State of Gujarat under Article 342 of the Constitution of India.

(2) The posts mentioned in column 2 of Part II shall carry such salary and allowances, as may be an order, be determined by the State Government having regard to the salary and allowances in respect of corresponding posts under the State.

9. Appointment of direct recruits to be co-terminus with the tenure of Minister/Parliamentary Secretary—

(1) The appointment of every direct recruit shall be deemed to be for a tenure of a Minister/Parliamentary Secretary commencing from the date of his appointment till the date on which the Minister, or the Parliamentary Secretary in whose personal staff he is appointed ceases, for any reason whatsoever, to be the Minister, or, as the case may be, the Parliamentary Secretary.

(2) (a) Notwithstanding anything contained in sub-rule (1), the services of a direct recruit may be terminated at any time without notice and without assigning any reason whatsoever.

10. Application of rules to direct recruits :

(1) save as otherwise provided in sub-rule (2), no rules relating to conditions of service other than these rules shall apply to direct recruits.

(2) The following rules shall, in so far as they are not inconsistent with these rules, apply to the direct recruits, namely :—

(a) Chapter I, II, IV, VIII, X and XV of the Bombay Civil Services Rules, 1959;

(b) Leave Travel Concession Rules;

(c) Terminal Leave Encashment Rules;

(d) Gujarat Civil Services (Conduct) Rules, 1971;

(e) Gujarat Civil Services (Discipline and Appeal) Rules, 1971.

11. *Transitory Provisions.*—(1) The Ministerial personal staff existing immediately before the commencement of these rules shall, notwithstanding that it is inconsistent with these rules, be deemed to be constituted under these rules.

(2) Any person appointed directly and not by transfer on deputation, in the existing Ministerial personal staff immediately before the commencement of these rules, shall, notwithstanding that his appointment is not in accordance with these rules, be deemed to be a direct recruit within the meaning of these rules and services of such person shall, unless earlier terminated under these rules, stand terminated on the Minister or the Parliamentary Secretary, in whose Personal staff he is appointed, ceasing to hold office.

INDUSTRIES, MINES AND ENERGY DEPARTMENT

Notification

Sachivalaya, Gandhinagar, 13th August, 1991.

No. GJ/91-50-MCR-1576 (H-20)4124-CHH.—Whereas a mining lease for Dolomite and Limestone was granted for twenty years to M/s. Hindustan Stone Supply Co., in respect of the following area of Vadodara District under Govt. Order Industries, Mines and Power Department No. MCR-1568-(H-94)-4640-CHH, dated 26th September 1968.

Taluka	Village	Survey Number	Area
CHHOTA UDEPUR	Kanavat	430, 437, 423/5, 311 and 312	42.89 Hectores.

And whereas the necessary mining lease deed was executed on 9th December 1968.

And Whereas the said mining lease was determined by Govt. under Order No. MCR--1576(H--20) 4124--CHH, dated 15th September 1984 because lessee failed to pay Government dues, as per the terms of the lease agreement.

And Whereas the lessee, against the said determination order of the State Government filed revision application before the Central Government under Rule 54 of the mineral Concession Rules, 1960.

And Whereas the Central Government passed a final order on 11th August 1986 rejecting the revision application of the lessee. And Whereas renewal application of the Company was also filed by State Government on 26th October 1986.

And Whereas Survey No. 437 and 423/5 being reserved forest are not Notified for regrant, but Survey No. 430 bearing Area of 0.69.81 Hectore Survey No. 311, bearing Area of 0.62.73 Hectare and Survey No. 312 bearing area of 0.89.03 Hectore total 2.21.57 Hectores being Government waste land, are notified for regrant.

Now therefore in pursuance of provision of Rule 59 of the Mineral Concession Rules 1960, Government of Gujarat is pleased to direct that the said areas shall be declared as available for regrant with effect from 19th September 1991.

તેથી, હવે સદરહુ અધિનિયમની કલમ-૧૪૪ની પેટા કલમ(૪)ના પરંતુકથી મળેલી સત્તાની રૂએ, ગુજરાત સરકાર આથી આદેશ કરે છે કે, સને ૧૯૯૧ના સપ્ટેમ્બર મહિનાની ૧૨મી તારીખે સદરહુ હુકમ જેની મુદત આ જાહેરનામું નહોત તો પૂરી થઈ ગઈ હોત, તે સને ૧૯૯૧ના સપ્ટેમ્બર મહિનાની ૧૨મી તારીખે અને તે તારીખથી છ મહિનાની વધુ મુદત માટે અમલમાં રહેશે.

સિદ્ધપુરમાં ઐતિહાસિક સ્થળ રૂદ્રમહાલય આવેલ છે તેની બાજુમાં એક મસ્જીદ આવેલ છે જે જુમ્મા મસ્જીદ તરીકે ઓળખાય છે અને તે મિલકતો ભારત સરકારના પુરાતત્વ ખાતા તરફથી રક્ષિત ઈમારત તરીકે જાહેર કરાયેલ છે. અને તે ઈમારતોના ઉપયોગ સાડ હિન્દુ તથા મુસલમાનોની કોમો વચ્ચે સિદ્ધપુરમાં ઘણી ભારે તંગ પરિસ્થિતિ પેદા થયેલ છે. અને તે હાલ પ્રવર્તે છે. આ બાબતે નામદાર ગુજરાત સરકારે અગાઉ પ્રતિબંધિત વિસ્તાર તરીકે બહાર પાડેલ છે. જાહેરનામાની મુદત પૂરી થાય છે તેથી બન્ને કોમો તરફથી રૂદ્રમહાલય અને જુમ્મા મસ્જીદમાં પાક કરવા અને નમાઝ પઢવા જાય તેમ માનવાને કારણ છે. હાઈકોર્ટમાં કેસો ચાલે છે. તેનો નિકાલ હજુ આવેલ નથી. બન્ને કોમો વચ્ચે ફરીથી તંગદીલી ઉભી થવા સંભવ છે. જેથી જાહેર સુવેલ્લશાંતિનો ભંગ થતો અટકાવવાનું ઈષ્ટ જણાય છે. અને તેમ થતું તાત્કાલિક અટકાવવા તથા ઝડપી ઉપાય યોજવાનું ઈચ્છનીય છે.

તેથી હું એ. બી. રાવલ એકઝીક્યુટીવ મેજિસ્ટ્રેટ સિદ્ધપુર, મને મળેલ ખાસ સત્તાની રૂએ આથી હું ફરમાવું છું કે, નીચે અનુસૂચિમાં જણાવેલ મિલકતોમાં તારીખ ૧૪-૭-૯૧ના રોજથી ૬૦ દિવસ સુધી સદરહુ મિલકતોમાં અગર તેની અંદર આવેલ કોઈપણ સ્થળે કોઈપણ રીતે ઉપયોગ કરવો નહીં તેનો પ્રબંધ ફરમાવું છું.

INDUSTRIES, MINES AND ENERGY DEPARTMENT

Notification

Sachivalaya, Gandhinagar, 29th October, 1991.

INDIAN ELECTRICITY ACT, 1910.

N^o. GU-91-64-SEJ-1091-1507-K.--WHEREAS the Surat Electricity Company Limited, Surat, holding a sanction issued by the Government of Gujarat under Section 28 of the Indian Electricity Act, 1910 (9 of 1910) (hereinafter referred to as "the Sanction holder") has approached the State Government for revision of the existing Conditions and Miscellaneous charges for the Supply of Energy :

AND WHEREAS the Gujarat Electricity Board and Local authorities concerned, have been consulted by the State Government in this behalf;

NOW, therefore, in exercise of the powers conferred by sub-section (2) of Section 21 of the Indian Electricity Act, 1910 (9 of 1910), the Government of Gujarat hereby gives previous sanction to the sanction holder, to make the revised Conditions and Miscellaneous Charges for the Supply of Electrical Energy, attached herewith in place of the existing Conditions and Miscellaneous Charges for the supply of Energy of the sanction holder.

Conditions and Miscellaneous Charges For the Supply of Electrical Energy

PART I

CONDITIONS OF SUPPLY OF ELECTRICAL ENERGY

1.00 TITLE

1.01 These terms and conditions including the Schedule shall be called THE CONDITIONS AND MISCELLANEOUS CHARGES FOR THE SUPPLY OF ELECTRICAL ENERGY.

2.00

DEFINITIONS :

2.01

Throughout these Conditions of Supply & Miscellaneous Charges, unless the context otherwise requires :

- (a) 'The Act' means the Indian Electricity Act, 1910 in force from time to time and the Rules framed thereunder.
- b) 'Agreement' means the agreement attached hereto as Annexure 'B' of these terms and conditions.
- c) 'Billing period' means the period between the day of a normal reading of the consumer's meter and the date of the next such reading taken at such intervals or times as the Licensee may specify from time to time, the date of reading of the consumer's meter fixed at the commencement of termination of supply being deemed for the purpose of this definition to be the normal reading dates.
- d) i) 'Connected Load' means the sum of rated capacities of all the consuming apparatus installed on consumer's premises and connected to the System of the Licensee, expressed in kilowatt or Horse Power.
ii) 'Contracted load' means the load which is specified in the agreement.
- (e) i) 'Consumer' means any person who is supplied with electrical energy by the Licensee and

includes any person whose installation is for the time being connected for the purpose of receiving electrical energy with the Licensee's distribution system and also includes an intending consumer or a consumer whose service connection has been disconnected.

- (f) i) 'High Voltage consumer' means a consumer who is supplied electricity at a voltage higher than 650 volts but not exceeding 33000 volts under normal conditions subject to the percentage variation allowed under the Indian electricity Rules 1956.
- ii) 'Low Voltage consumer' means a consumer who is supplied electricity at a voltage, at 650 volts and below.
- g) 'Installation' means any composite electrical unit including the electric wires, fittings, motors and equipments erected and wired by, or on behalf of, the consumer in one and the same premises.
- (h) the 'Licensee' means "The Surat Electricity Company Limited".
- i) 'Load factor' means the ratio of the average demand for the period specified by the Licensee to the maximum demand for the same period.
- j) 'Maximum Demand' in a month means the highest value of the average Kilovolt amperes delivered at the point of supply of the consumer during any

consecutive 30 minutes in the month.

- k) 'Power factor' means the ratio of the real power to the apparent power.

3. SYSTEM OF SUPPLY

3.01 The Licensee's declared supply voltage will be generally as follows :

a) Low Voltage Supply

Alternating current - 50 HZ

i) Single Phase - 230 volts between Phase and Neutral.

ii) Three Phase - 400 Volts between phases

b) High Voltage Supply

Alternating current - 50 HZ

Three Phase - 3300 Volts or 11000 Volts or 22000 Volts

c) Extra High Voltage Supply

Alternating current - 50 HZ.

Three Phase - 66000 Volts, between phases.

4.00 CATEGORIES OF SUPPLY

4.01 The following categories of supply are available :

a) Single Phase Two Wire 230 Volts

i) General Supply not exceeding 5000 watts of connected load.

ii) Power installations not exceeding 1.5 Horse Power in the aggregate.

b) Three Phase four wire 400 volts

between phases and 230 volts

between phase and neutral for

i) General Supply exceeding 5000 Watts of connected load.

ii) Power installations exceeding 1.5 HP upto 140 HP.

c) Three Phase Three Wire 3300 Volts/11000

Volts/22000 Volts/66000 Volts between phases for

power installations exceeding 140 HP or 100 KW of connected load.

4.02 A consumer can avail low voltage supply, only if, the connected load is 140 HP or below and shall avail of high voltage supply if the connected load exceeds 140 HP or 100 KW.

5.00

REQUISITION FOR SUPPLY OF ENERGY

5.01

Requisition for supply or additional supply of electrical energy must be made in the prescribed form attached hereto (Annexure A), copies of which are obtainable free of cost from the local office of the Licensee. The requisition shall be made by the owner or occupier of the premises, for which supply is required, who shall indicate his full name and address. Any assistance or information required in filling up the form will be given to the intending consumer at the local office of the Licensee.

5.02

An intending consumer who is not an owner of the premises he occupies shall if so required by the Licensee produce proof of his being in lawful occupation of the premises and also execute an indemnity bond prescribed by the Licensee (Annexure D) indemnifying the licensee against any losses on account of disputes arising out of effecting service connection to him.

5.03

If the supply is to a premises on a land owned by the local authority or the Government, the intending consumer shall produce a No Objection Certificate from the concerned authority.

- 5.04 Where the intending consumer's premises has no frontage on a street and the supply line has necessarily to cross over or go under or through the adjoining premises of any other person (whether or not the adjoining premises is owned jointly by the intending consumer and such other person) the intending consumer shall arrange at his own expense for any necessary way-leave before the supply is effected. Any extra expense to be incurred by the Licensee in placing the supply line in accordance with the terms of the way leave shall be borne by the intending consumer. In the event of the way leave being cancelled or withdrawn, the intending consumer shall at his own cost arrange for any diversion of the service line or the provision of any new service line thus rendered necessary.
- 5.05 The Licensee will refuse to supply electricity to an intending consumer who is in arrears of payment of dues to the Licensee in respect of any other service connection held in his name.
- 5.06 The requisition for supply of electrical energy shall be accompanied by registration charges as prescribed in Miscellaneous Charges, Part II. The registration charges so deposited would be adjusted in the service line charges or refunded in case where the application of the applicant is not sanctioned by the Licensee, either due to technical impracticability or due to any other reasons. If the applicant fails to pay the service line charges as advised to him by the Licensee within the specified limit, his application shall stand cancelled and such registration fee shall not be refunded.

5.07

If the consumer wishes to carry out alterations in his installation without increasing its capacity, or the duration of the period in which alterations, additions or repairs are being carried out, as required under the conditions above, supply to the circuit which is being altered, added or repaired must be entirely disconnected until the alterations, additions or repairs have been tested and passed by the licensee. Failure to do so shall render the connection to be disconnected under Clause (d) of the Second proviso to sub clause (i) of Clause VI of the Schedule to the Act.

6.00 SPECIAL TERMS AND CONDITIONS

- 6.01 Subject to the provisions of the Indian Electricity Act 1910, the Licensee may stipulate special terms and conditions in specific cases for extending supply.
- 6.02 Consumers shall not connect any load through change over switch without prior permission of the Licensee.
- 6.03 'No Objection Certificates' from the Gujarat Air and Water Pollution Board.

In the cases of power supply for new connections or additional load for industriess listed below, the consumer shall have to produce a 'No objection certificate' from the Gujarat Air and Water Pollution Control Board to the effect that the norms laid down by the Gujarat Air and Water Pollution Control Board have been complied by the consumers.

List of the Industries

1. Petro Chemical & Refinery
2. Cement
3. Fertiliser.
4. Asbestos & Asbestos Products
5. Sulphuric Acid
6. Nitric Acid
7. Chlorine based industries
8. Hydrochloric Acid
9. Hydrofloric
10. Ceramic
11. Foundries
12. Coal and Mineral Processing Industries

13. Coal and Lignite based chemical industries
14. Caustic Chlorine Plant
15. Paper and Pulp
16. Pesticides
17. Textile, Dyeing, Printing & Dyes & Intermediates.
18. Distilleries
19. Chemical & Allied Industries
20. Rayon and Manmade fibre
21. Sugar
22. Dairy
23. Iron & steel
24. Soda Ash
25. Food products

Additions and modifications to the list above as may be made by the Government from time to time shall be adopted by the Licensee.

7.00 SERVICE LINES

7.01 Service Connection will be given to one and only one installation and for a single purpose only. The consumers shall also not extend supply to other premises where supply is used for a different purpose. For a particular premises, more than one service will not be given. Where more than one person or more than one establishment is in occupation of a premises more than one service connection will be given if there is a permanent physical segregation of areas for which different service connections are applied for.

7.02 On receipt of an application for supply of electricity "a Seven days clear notice" will be sent to the intending consumer that he or the contractor acting on his behalf or his representative should meet the engineer of the Licensee to agree on the position of the point of supply, cutouts and meters. The position of the supply service Mains shall be so fixed near the main entrance as to permit easy and immediate or uninterrupted access to the employees of the Licensee at any time. The Licensee shall in no case fix its meters and cutouts, nor allow the same to remain in any position which will entail entry by his representative into "purdah" or "religious quarters" or lavatories or bathrooms. Should the cutouts and the meter boards be fixed in a locked room or enclosure the necessary keys must be kept available on the premises.

7.03

The service line once laid shall not be interfered with or shifted from one place to another. The consumer shall as far as circumstances permit take precautions for the safe custody of the equipments in his premises and belonging to the Licensee.

7.04

Having agreed on the position of the service the Licensee will render to the intending consumer an estimate for the cost of laying the service line. Any work of laying the service line will be taken up only after the intending consumer pays the estimated amount in full in advance. The charges payable shall be in accordance with the schedule of service line charges in force from time to time.

7.05

The Licensee shall lay free of charge a service line upto a length of 30 Metres from his nearest distributing mains outside the limits of the property in respect of which the requisition is made, provided the premises for which the supply is requisitioned is not receiving supply. Any length in excess of 30 Metres as defined above and the whole of the service line within the limits of the property in respect of which the requisition is made shall be paid for by the applicant. The main cutouts and fuses shall be inserted and sealed by the Licensee free of cost to the consumer.

7.06

The service line, notwithstanding that a portion of the cost has been paid for by the consumer, shall be and remain the property of the licensee by whom it is to be maintained and the licensee will have the right to use the line for supply of electricity to any other person.

- 7.07 The intending consumer shall be required to deposit the estimated amount with the licensee and comply with other conditions to enable the licensee to carry out the work. On completion of the work the final charges of the service line to be borne by the intending consumer will be determined and an amount deposited by him will be adjusted against these charges, the balance being recovered or refunded to him as the case may be.
- 7.08 After an estimate for a new service line has been submitted to the consumer, if such a consumer desires to have his estimate revised for his own convenience, a fee for giving such revised estimate will be charged as prescribed under Item No. 1.03 (Part II) of Miscellaneous charges of these conditions of supply.
- 7.09 Where any dispute or difference arises as to the cost or fixing of the position of service line the matter shall be referred to the Electrical Inspector for a decision.

8.00

CONSUMER'S INSTALLATION

8.01

The consumer's installation should invariably comply with the statutory provisions of the Indian Electricity Rules 1956 relating to wiring and equipment and also the rules of the fire insurance company with which the building is insured or the specification issued by the Chief Electrical Inspector to the Government. The work shall be carried out by a licensed electrical contractor.

8.02

No electrical equipment shall be used without its manufacturer's name plate permanently affixed on it. If during periodical check/inspection of a service connection by the representative of the Licensee, it is found that the name plate of any electrical equipment does not show the correct capacity of the equipment or the name plate is missing or the rating of such electrical equipment as assessed by the representative authorised in this behalf, is in excess of the rating stated in the test report, action will be taken as per the Schedule.

8.03

As required by Rule 45 of the Indian Electricity Rules 1956, no electrical installation work (including additions, alterations, repairs and adjustments to existing installations) except replacement of lamps, fans, fuses, switches and other component parts of the installations which in no way alter the capacity, or character of the installation shall be carried out upon the premises on behalf of any consumer or owner for the purposes of supply of electricity to such consumer or

owner, except by an electrical contractor licensed by the Electrical Licensing Board of the Government of Gujarat, in this behalf and under the direct supervision of a person holding a certificate of competency issued by the Government. Any person committing a breach of the said Rule 45 shall render himself liable to punishment under Rule 139 of the Indian Electricity Rules, 1956.

8.04

Rule 61(A) of Indian Electricity Rules, 1956

"The supply of energy to every electrical installation other than low voltage installation below 5 KW and those low voltage installation which do not attract provisions of Section 30 of the Indian Electricity Act, 1910, shall be controlled by an earth leakage protective device so as to disconnect the supply instantly on the occurrence of earth fault or leakage of current :

Provided that the above shall not apply to overhead supply lines having protective devices which are effectively bonded to the neutral of supply transformers and conforming to rule 91 of Indian Electricity Rules, 1956.

Rule 71(ee) of Indian Electricity Rules, 1956

"An earth leakage circuit breaker of sufficient rating shall be provided on the low voltage side to detect the leakage in such luminous tube sign installations."

Rule 73 (ee) of Indian Electricity Rules, 1956

"Notwithstanding the provisions of Clause 3, earth leakage circuit breaker of sufficient rating shall be provided on the low voltage side to detect the leakage in such X-Ray installations."

- 8.05 All transformers, switchgear, control equipments and other electrical equipments belonging to the consumer and connected to the mains of the Licensee shall be maintained to the reasonable satisfaction of the Licensee. The controlling equipments shall be in conformity with the provisions of Rule 50 of the Indian Electricity Rules 1956.
- 8.06 Gas and water pipes shall on no account be used for earthing purposes. All wiring shall be kept as far as possible, away from gas and water pipes.
- 8.07 All wall plugs shall be of the three pin type, the third pin connected to earth. All plugs shall be provided with switches on the live wire and not on the neutral.
- 8.08 As soon as the consumer's installation is completed in all respects and tested by the consumer's licensed electrical contractor, the consumer should submit to the Licensee his licensed electrical contractor's completion and test report for the installation in the prescribed form. A form shall also be supplied by the Licensee.

8.09 The consumer shall furnish to the Licensee full particulars of all electrical plant and consuming apparatus to be installed by him. The design and operation of all plants and apparatus shall be such that it shall not interfere with the safety and efficient working of the Licensee's electric supply lines or other works or the supply of energy by the Licensee to any other consumer.

8.10 To meet the load requirement of a consumer or a group of consumers, as well as to keep the voltage drop within the permissible limits, technically if the Licensee finds it necessary to establish a substation, then the consumer shall provide a suitable plot.

In case the intending consumer provides a built up Sub-station building within the premises as per the Sub-station drawing and the specification given by the Licensee a suitable rent shall be fixed annually and paid by the Licensee.

8.11 If the installation is required to be wired on three phases, wiring shall be done on the group system separate neutral wires being brought back in each case to the Licensee's point of supply. A suitable linked switch shall control each main circuit, the lamps, fans or any other apparatus of the installation shall be so grouped that under normal working conditions the current in the three phases is balanced.

- 8.12. Motors shall be provided with control gear so that the maximum current demand of the consumer's installation does not in any case exceed the limit given in the following Schedule :

Nature of Supply	Size of Installation	Limit of maximum current demand
Single Phase	Upto 1.5 BHP	Full Load Current x 6
Three Phase	i) Upto 3 BHP	Full Load Current x 3
	ii) Above 3 BHP & upto 10 BHP	Full Load Current x 2
	iii) Above 10 BHP & upto 50 BHP	Full Load Current x 1.5
	iv) Above 50 BHP	Full Load Current x 1.25

Failure to restrict within these limits will render the service connection liable for disconnection.

- 8.13 Motors above 1.5 BHP shall be wound for three phase 400 volts between phases.

- 8.14 Each installation of the consumer shall have an average power factor of not less than 85 percent at normal working loads. The consumer shall install power factor correcting devices of adequate capacity along with appropriate switchgear and protective devices at his own cost in order to maintain the power factor at a level not less than 85 percent. Failure on part of the consumer to maintain the power factor as aforesaid shall render his supply liable for disconnection provided that the consumer takes no steps to improve his average power factor to the value of 85 percent

within three months of the Licensee notifying the consumer in writing to do so.

- 8.15 All Low Voltage consumers with a connected load of motors of 1 HP and above (total of the ratings of the installed motors) and all Low Voltage consumers using welding transformers shall instal capacitors of suitable ratings. For the guidance of the consumers the rating of capacitors to be used in an installation is given in the following table.

FOR MOTORS

Rating of motor (HP)	Rating of capacitor (KVAR)
upto 3	1
5	2

9.00 INSPECTION AND TESTING

- 9.01 After completion of the work, notice must be sent to the Licensee by the intending consumer (upon a printed test report form obtainable free of cost from the offices of the licensee) that the installation has been completed and tested by the licensed electrical contractor and that the same is complete and ready for inspection and test by the Licensee. Upon receipt of the Test Report for the installation, the Licensee shall notify the intending consumer and/or the Licensed electrical contractor the time and date when the Licensee's representative proposes to inspect and test the installation. The intending consumer shall remain present along with a competent representative of the licensed electrical contractor at the time fixed to give information that may be necessary concerning the installation.
- 9.02 No charge will be made for the first test made by the Licensee, but subsequent tests due to faults disclosed in the initial test or due to the failure of the licensed electrical contractor to attend the test at the appointed time and date or because facilities for inspection and test were not arranged or due to the installations not being completed or inadequate will be charged for in accordance with the Clause 4.01 of Part II Misc. Charges.

9.03 In the case of a service connection remaining disconnected for six months or more, the consumer's installation will be tested and the testing charges collected from the consumer before the same is reconnected.

9.04 All fittings whether incandescent lamps, arc lamps, fans, motors, heating, cooking or other equipments must be connected to the conductors and all fuses must be in place and all switches put on before the tests are carried out.

9.05 [A] The Licensee shall not connect with his works the installation or apparatus on the premises of any applicant for supply unless he is reasonably satisfied that the connection will not, at the time of making the connection, cause a leakage from that installation or apparatus of a magnitude detrimental to safety. Compliance with this rule shall be checked by measuring the insulation resistance as provided below:

(i) High Voltage Equipments/Installations:

(a) High Voltage equipments shall have the IR value as stipulated in the relevant Indian Standard.

(b) At a pressure of 1000 V applied between each live conductor and earth for a period of one minute the insulation resistance of HV installations shall be atleast 1 Meghom or as specified by the Indian Standards Institution from time to time.

(ii) Medium and Low Voltage Installations:

At a pressure of 500 V applied between each live conductor and earth for a period of one minute, the insulation resistance of medium and low voltage installation shall be at least 1 Megohm or as specified by the Indian Standards Institution from time to time.

[B] If the Licensee declines to make a connection under the provisions of Clause [A], he shall serve upon the applicant a notice in writing stating his reason for so declining.

9.06 For high voltage installations after completion of the installation in all respects the intending consumer shall procure and submit to the Licensee a certificate issued by the Electrical Inspector, Government of Gujarat, of his approving the said installation, as required under Rule.63 of I.E.Rules 1956.

9.07 Manufactures' Test Certificates in respect of all high voltage plant, switchgear and other apparatus shall be submitted by the intending consumer if required by the Licensee.

9.08 TO recommence supply to a high tension service connection which remains disconnected for one year or more, approval in writing of the Chief Electrical Inspector to the State Government should be obtained.

10.00 LICENSEE'S SUPPLY MAINS AND EQUIPMENTS

10.01 The Licensee may provide in case of low Voltage Supply connections its own meter, cutouts and other equipments and for high voltage supply connections, its own circuit breaker, high tension fuses and other equipments and these will remain the property of the Licensee and must on no account be operated, handled or removed by any one who is not a representative of the Licensee.

10.02 The consumer shall not use or interfere with or allow anyone to interfere with in any manner the works of the licensee and shall be fully responsible for the safety of the works of the Licensee in the consumer's premises. In the event of any loss or damage by any act, neglect or default of the consumer or due to any reason other than force majeure conditions, the consumer shall compensate the Licensee for the cost of necessary repairs or replacements of such works.

11.00 INSTALLATION OF CAPTIVE POWER PLANT / GENERATING SETS

11.01 Permission of the licensee shall be obtained before installing any captive generating set in any premises within the supply area of the Licensee. Permission of the Chief Electrical Inspector to Government should also be obtained. This is to ensure that these generating sets do not inadvertently feed into the electric supply system and cause damage to Licensee's property or injury to Licensee's personnel. Violation of this rule will entail immediate disconnection of supply of electricity to the premises and recovery of cost of damages.

12.00 FAILURE AND INTERRUPTION OF SUPPLY

12.01 Should at any time the Licensee's service fuse or fuses fail, notice thereof should be sent to the Licensee. Consumers are not allowed to replace these fuses and they will render themselves liable for disconnection, if the licensee's apparatus are tampered with. The Licensee's representatives are instructed not to carry out any repairs to the consumer's installation except replacement of consumer's main fuses at his request. Consumer will be charged for the attendance of the Company's authorised representative in accordance with the Schedule of Service and Miscellaneous charges in force. (Part II).

12.02 In the case of high voltage consumers, should the Licensee's high voltage switch controlling their supply trip at any time, notice thereof should be sent to the Licensee.

12.03 While the Licensee shall take all reasonable precautions to ensure continuity of power supply to the consumer, the Licensee shall not be responsible for any loss to him or damage to his plant and equipment or compensation on any account whatsoever due to interruptions in supply of power when such interruption or failure is either directly or indirectly due to failure in bulk supply, breakdown, war, mutiny, civil commotion, riots, strikes, lockouts, fire, flood, lightning, earthquake or other forces of nature or causes beyond his control.

- 12.04 The Licensee may temporarily interrupt supply to consumers to enable work to be carried out in a supply system. Wherever possible, a notice of such interruption will be given to the consumer concerned.

13.00 DEFECTS IN CONSUMER'S INSTALLATION :

- 13.01 In the event of any defects being noticed in the consumer's wiring or apparatus connected to the system or any earth leakage on any section of the consumer's circuit, the consumer shall in the absence of the representative of the Licensee, disconnect the defective installation forthwith and notify the Licensee. He shall not reconnect the same except with the consent of the Licensee and after the defect is removed. The Licensee reserves similar rights to disconnect, should the defects come to his notice earlier.

14.00

ACCESS TO PREMISES AND APPARATUS

14.01

Representatives of the Licensee duly authorised by the Licensee are entitled at all reasonable times to enter upon the premises to which energy is supplied after informing the occupier of their intention for inspecting, testing, repairing, altering, tapping, removing or replacing the meters, electric supply lines and for reading the meters and also for other purposes connected with the apparatus belonging to the licensee. Representative of the Licensee may also enter upon the consumer's premises and check the installation where there is reason to suspect that the consumer is indulging in any violation in respect of use of electricity or in using devices to commit theft of energy. If the consumer refuses or fails to give reasonable facilities for such entry and performance, the Licensee may, after the expiry of twenty four hours from the service of a notice in writing to the consumer, disconnect the supply to the consumer for so long as such refusal or failure continues, but for no longer. Restoration of supply will however be effected after the corresponding charges in accordance with Part II of these Conditions of Supply and Miscellaneous Charges are paid by the consumer. The consumer shall also give all facilities to the representative of the Licensee for removing the Licensee's Mains and other apparatus from his premises after the supply is discontinued. The Licensee will not be responsible for any loss or inconvenience caused to the consumer on account of such disconnection of supply.

15.00 METERS

- 15.01 i) In the absence of an agreement to the contrary, the amount of energy supplied to a consumer or the electrical quantity contained in the supply shall be ascertained by means of a correct meter, and the licensee shall, if required by the consumer, cause the consumer to be supplied with such a meter :

Provided that the Licensee may require the consumer to enter into an agreement to pay the charges thereof, unless the consumer elects to purchase a meter.

- ii) Where the consumer so enters into an agreement to pay the charge of a meter, the licensee shall keep the meter correct, and, in default of his doing so, the consumer shall, for so long as the default continues, cease to be liable to pay for the charge of the meter.

- iii) Where the meter is the property of the consumer, he shall keep the meter correct, and, in default of his doing so, the licensee may, after giving him seven days' notice, for so long as the default continues, cease to supply energy through the meter.

- 15.02 The electricity recorded by the meter installed will be taken as the electricity actually supplied by the Licensee. Meters will ordinarily be installed at the point of entry to the building and will be fixed according to the convenience of the Licensee at a suitable place in the consumer's premises and the

consumer shall run his wiring from such point of supply and also be responsible for the safety of the meter from theft, damage and tampering.

15.03 The security seals in the meter cover and the current transformer chamber will be provided by the Licensee after testing the meter. The seals on the terminal cover of Meter, Metering Set, Meter Box, Cut-outs will be provided at site in the presence of the consumer or his representative who shall satisfy himself that all the seals including the security seals are intact and the meter is rotating in the forward direction on all phases. The Consumer shall take all precaution to see that the seals are not damaged or tampered with.

15.04 The meters will, if and when desired by the Licensee, be recalibrated and standardised by means of standard instruments by the Licensee. In respect of High Voltage consumers, however, such recalibration will be done in the presence of the Consumer's Electrical Engineer or his representative, if the consumer so desires. These shall be in addition to the periodical tests to be carried out by the Licensee as prescribed by Clause 57(4) of the I.E.Rules, 1956. Adjustments in bill will be made for error at average load and power factor of the consumer, when the meter is found to be incorrect during periodical tests, for a preceding period of three months.

15.05 Should the consumer dispute the accuracy of the meter, he may, upon giving notice and paying the prescribed fees, have the meter tested by the licensee or the

Electrical Inspector, Government of Gujarat in accordance with Section 26 of the Act. In the event of the meter being tested by the Licensee and found to be beyond the limits of accuracy as prescribed in the Indian Electricity Rules 1956, the testing fee shall be refunded and the amount of the bill adjusted in accordance with the test taken with respect to the meter readings of the three months prior to the month in which the dispute had arisen, due regard being paid to the conditions of occupancy during the months. In the event of the test being undertaken by the Electrical Inspector, Government of Gujarat and the meter being found to be incorrect, the period not exceeding six months during which the meter shall be deemed to have been incorrect and the amount of energy supplied to the consumer during this period shall be decided by the Electrical Inspector, Government of Gujarat, whose decision shall be final.

- 15.06 In the event of any meter ceasing to record the consumption of energy, the registration for the period between two consecutive meter readings in which such cessation occurs, shall normally be assessed according to the average recording during the preceding period not exceeding three months or two billing periods (whichever is longer), consideration being given to the conditions of occupancy during the periods in question. Should sufficient data be not available for determining such average, the assessment shall be based on the average consumption during the succeeding period of three months or two billing periods (whichever is longer).
- 15.07 Reading of meters will be taken by the authorised

representatives of the Licensee once in each billing period or at such other intervals of times the Licensee may consider expedient and they shall have access to the consumer's premises at all reasonable hours for the purpose of such reading.

15.08 When a consumer leaves his installation connected to the Licensee's Mains, but makes it inaccessible for reading by the employees of the Licensee, the consumer shall, for the first occasion of such inaccessibility, be charged provisionally on the basis of the units recorded on the previous occasion. If on the next occasion, the meter is accessible for reading, the consumer shall be charged for the actual consumption, less the units already charged, subject to the minimum monthly charges for both the periods. If on the other hand, the meter remains inaccessible on the second occasion also, the consumer will be served with a 7 days notice to open his premises at a fixed time and date to enable the Licensee's employee to read the meter. If the meter is made accessible for reading the consumer will be charged on the actual consumption, less the provisional units already charged for the first period of inaccessibility, subject to the minimum monthly charges for both the periods. If the meter remains inaccessible even after the 7 days notice, the supply to the premises shall be liable for disconnection and for that period also, provisional amount, as in the case of previous occasion will be charged.

If the meter is made accessible subsequent to the disconnection for the purpose of reading the meter or for reconnection of the service, the consumer will be charged for the actual consumption subject to the minimum monthly charges payable for both the periods, plus necessary disconnection/reconnection fees as per Clause 5 of Part II, Misc. charges, less the two provisional amounts levied and paid for the two period of inaccessibility. Any excess amount if collected will be adjusted in future energy bills.

15.09

In the event of disconnection of supply due to any reason the supply will be reconnected only after the payment of all dues, Security Deposit and reconnection fees. (As indicated in Part II, Misc. Charges).

15.10

In the case of a new service which is laid but not connected, due to any reason on the part of the consumer, the Licensee shall be entitled to recover from the consumer for whom the service has been laid, minimum charges/fixed charges as the case may be as prescribed under the Licensee's "Schedule of

Tariff" from the expiry of a period of 3 months from the date of laying of the service in the case of low voltage consumers and one month in the case of High voltage consumers. The aforesaid period of Three or one month as the case may be, shall be considered to have commenced from the date of receipt of the communication sent to the consumer of the fact that the service line has been laid. Arrears of all such charges, if any, will have to be settled by such consumers before the Licensee commences the supply to such consumers. Without prejudice to the rights of the Licensee to recover minimum/fixed charges for new services not connected as aforesaid within the stipulated period, the Licensee shall be entitled to remove such services if they remain unconnected for a period of six months from the date of their laying. However, before the removal of such services, the Licensee shall serve a prior notice on the consumer of at least seven days duration. The Licensee shall also be entitled to

H.T. CONSUMER

- i) No delayed payment charges are payable if the bill is paid within 10 days from the date of billing.
- ii) Delayed payment charges shall be paid at the rate of 30 % per annum on the gross amount of the bill from the date of billing till the date of payment, if the bill is paid after 10 days from the date of billing.
- iii) The levy of the delayed payment charges shall be without prejudice to the Licensee's right to take action under Section 24 of the Indian Electricity Act of 1910 for non-payment of bill, electricity duty and other charges.

17.03 Any complaint or dispute with regard to the accuracy of the bills shall be made in writing to the Licensee and the amounts of such bills shall be paid "under protest" within 10 days. The amounts of bills paid under protest will be regarded as advances to the credit of the consumer's account until the bills in dispute have been finally settled.

17.04 Any payment made by the consumer shall first be adjusted towards arrears, if any, outstanding against him. In the case of service connections which have been disconnected, all arrears of energy consumption charges upto the date of disconnection, including other charges like reconnection fee, short fall in Security Deposit, any other dues shall be paid in one lump sum before the supply is reconnected.

17.00 PAYMENT OF BILLS

17.01 L.T. consumers - bills should be paid at the Licensee's office and other authorised Collection Centres as specified on the bill within the prescribed period.

H.T. consumers - bills should be paid at the Licensee's office within the prescribed period.

17.02 Bills, if not paid within 10 days from the date of billing, shall attract Delayed Payment Charges. Delayed Payment Charges are leviable as indicated below:

L.T. CONSUMER

The delayed payment charges will be levied at the rate of 2 % per month or part thereof in case of consumers governed under rate L.F. (R), L.F.(C), C.N., L.T.P. and at the rate of 1 % per month or part thereof for the consumers governed under rate L.T.P.(Ag.) from the date of billing till the date of payment, if the bill is paid after 10 days from the date of billing. For the purpose of levy of delayed payment charges, bill means the entire amount of monthly electricity bill inclusive of meter charge, amount of electricity duty, and tax on sale of electricity.

H.T. CONSUMER

- i) No delayed payment charges are payable if the bill is paid within 10 days from the date of billing.
- ii) Delayed payment charges shall be paid at the rate of 30 % per annum on the gross amount of the bill from the date of billing till the date of payment, if the bill is paid after 10 days from the date of billing.
- iii) The levy of the delayed payment charges shall be without prejudice to the Licensee's right to take action under Section 24 of the Indian Electricity Act of 1910 for non-payment of bill, electricity duty and other charges.

17.03 Any complaint or dispute with regard to the accuracy of the bills shall be made in writing to the Licensee and the amounts of such bills shall be paid "under protest" within 10 days. The amounts of bills paid under protest will be regarded as advances to the credit of the consumer's account until the bills in dispute have been finally settled.

17.04 Any payment made by the consumer shall first be adjusted towards arrears, if any, outstanding against him. In the case of service connections which have been disconnected, all arrears of energy consumption charges upto the date of disconnection, including other charges like reconnection fee, short fall in Security Deposit, any other dues shall be paid in one lump sum before the supply is reconnected.

17.05 Bills will normally be sent by hand delivery or by post, but the Licensee takes no responsibility for loss in transit. The consumer shall notify the office of the Licensee if no bill is received within 10 days from the date of reading. Otherwise it will be deemed that bills have reached the consumer in due time

18.00 RESTRICTIONS ON THE USE OF ELECTRICITY

18.01 The consumer shall curtail, stagger, restrict, regulate or altogether cease to use electricity when so directed by the Licensee if the power position or any other emergency in the Licensee's or State Electricity Board's power system warrants such a course of action and the Licensee shall not be responsible for any loss or inconvenience caused to the consumer as a result of such curtailment, staggering, restriction or cessation of use of electricity.

18.02 Notwithstanding anything contained in any agreement/undertaking executed by the consumer with the Licensee or in the tariff applicable to him, the consumer shall restrict the use of electricity in terms of maximum demand and/or energy consumption in the manner and for the period as may be specified in any order that may be made by the Government of Gujarat.

19.00 PREJUDICIAL USE OF SUPPLY

- 19.01 The consumer shall not keep connected to the Licensee's supply system any apparatus which the Licensee may deem to be likely to interfere with or affect injuriously the Licensee's supply to any other consumer.
- 19.02 The consumer shall not, except to the extent herein prescribed, keep unbalanced, the loading on the three phases of the supply taken by him from the Licensee, the maximum permissible difference in current between any two phases being 5 percent.
- 19.03 If at any time, energy supplied under one method of charging is used for a purpose for which a higher method of charging is in force, the whole of energy registered as consumed during the period in which such use took place will be charged at the higher rate. The imposition of this liability will not relieve the consumer from any penalty imposed by law.
- 19.04 The energy supplied can be utilised only within the area of the premises and not intervened by any area belonging to any other person or authority and solely for the purpose for which it is requisitioned

20.00

TRANSFER OF SERVICE CONNECTION

20.01

Application should be sent for name transfer in case the registered consumer is dead or if the ownership or occupation of the property has changed. In all cases of such transfers, the arrears of every description should be paid in full together with Security Deposit and transfer fee (Part II 7.01).

20.02

The transfer of service connection due to death of the owner of the service connection to the heir applying for transfer will be effected if the applicant produces the following documents to the Licensee :

- i) Death Certificate and Legal heir Certificate.
- ii) No Objection Certificate from other legal heirs, if any.
- iii) Application in the prescribed form.
- iv) Such other documents as may be called for.

20.03

The transfer due to sale, partition, settlement/gift of the premises will be effected if the applicant produces the following :

- i) Document to support the transfer
- ii) Consent letter of the previous owner for the transfer of service, security deposit if not included in the document. In case such consent letter cannot be produced fresh security deposit shall be paid by the applicant. He shall execute an Indemnity Bond indemnifying the Company from any litigation.

iii) If a person does not get service connection in the property purchased by him transferred in his name, and keeps service connection in previous name, the purchaser shall be responsible for payment of energy bills and other amounts relating to the service connection, on demand made of him by the Licensee, who shall disconnect supply to the premises, in case of default.

21.00 MALPRACTICES

21.01 Malpractice shall mean contravention/violation by the consumer of any of the provisions of the Licensee's Conditions and Miscellaneous Charges for Supply of Electrical Energy and any provision of I.E. Act, 1910, Electricity Supply Act, 1948 and I.E. Rule or any of the terms and condition of the contract governing the supply of electricity by the Licensee to the consumer and shall in particular include the following case :

- a) The supply of electricity by a consumer to any other person.
- b) Exceeding the contracted load by a consumer without the specific permission of the Licensee.
- c) Unauthorised addition, alteration and/or extension to the consumer's electrical installation without the permission of the Licensee.
- d) Using supply by a consumer from the service which has been disconnected by the Licensee for any reason.
- e) Capacitors once installed when found to have been removed from the installation.

VIOLETION AND COMPENSATION CHARGES FOR MALPRACTICES

The action that shall be taken by the consumer and the compensation charges that shall be paid by the consumer in respect of violation in metered Low Voltage Service connections are as follows :

Sr.No.	Violation	Compensation & Action
i.	Unauthorised supply of energy to any other person	a) Removal of violation within 24 hrs. of receipt of notice failing which supply will be disconnected. and
ii.	Exceeding the contracted load without the permission of the Licensee.	b) Payment of compensation charges as per formula given in Clause 23.01 below
iii.	Unauthorised extension/shifting to any premises other than that for which supply is given	
iv.	Use of electricity for a tariff other than that for which supply is given.	Tariff applicable would be the higher of two.

23.00 ASSESSMENT OF COMPENSATION CHARGES

23.01 For Compensation Charges to be levied for violations covered under items (i) to (iii) of Clause 22.01, the consumption in units shall be calculated as per the following formula :

[A] For Residential, Commercial & L.T.P.

Formula to be applied :

$$\text{Units} = a \times b/c$$

Where a - total consumption recorded during the period commencing with the date on which the last meter reading for the billing purpose was taken and ending on the date on which violation was detected.

b - Excess load or misused load or unauthorisedly extended load or unauthorisedly shifted load found at the time of inspection.

c - Total connected load found at the time of inspection.

The units so arrived at will be charged at the following rate:

a) For Residential

Highest tariff in the schedule x 1.0

b) For Commercial

Highest tariff in the schedule x 1.5

c) For L.T.P.

Highest tariff in the schedule x 2.0

In case of L.T.P. consumer governed by Horse Power based tariff the unauthorised connected load in excess of contracted load shall also be charged at two times the highest tariff rate applicable. The contracted load only declared by the consumer would be charged at the normal tariff rate applicable. The amount billed as above shall not be taken in to consideration for the purpose of computing consumer's liability to pay minimum charges.

23.02 The above amounts will attract necessary duties and taxes and other levies applicable.

24.00 THEFT OF ENERGY

24.01 Any consumer who dishonestly abstracts or uses energy or interfere with the meters, Licensee's works etc. including prevention of any meter from the correct registration of energy with an intention of deriving wrongful gain and causing wrongful loss to the Licensee shall be deemed to have committed theft of energy within the meaning of the Indian Electricity Act 1910, as amended in Section 39 & 44. The existence of artificial means for such dishonest abstraction, illegal restoration of supply to one's disconnected service connection will fall under this category.

In case of a consumer detected to have committed or to have been committing pilferage of energy, in addition to his liability to pay the amount towards the value of the electrical energy assessed, to have been pilfered as computed in the manner specified herein below, the power supply of such consumer shall be summarily disconnected and shall be kept disconnected for a

power supply on the ground of pilferage of energy, subject to review by a Competent Authority or until the amount so computed against assessed energy is paid, whichever is later.

24.02 Extra levy for theft of energy shall be assessed at the rate specified hereinunder, for the "Assessment Period" also specified below:-

i) For Energy

a) Low Voltage Service Connection :

Highest Low Tension Tariff Rate x 3

b) High Voltage & Extra High Voltage Service Connection :

Highest High Tension Tariff Rate x 3

ii) For Maximum Demand :

Highest High Tension Tariff rate

for Maximum Demand x 3

24.03 The above amount will attract necessary duties and taxes and other levies applicable.

24.04 The extra levy will be assessed as follows :

a) Low Voltage Service Connections :

The quantity of units consumed shall be worked out by means of the following formula adopting the figures in Tables A and B given below :

Formula :

Units consumed = Connected load found at the time of inspection divided by diversity factor x Load factor x Number of hours per day x duration in days.

The diversity factor and the load factor for the various classes of consumers shall be taken as under for the assessment of energy consumed :

Class of Consumers	Diversity Factor	Load Factor	No. of hours per day
1. LFDS Residential	2	40 %	8
2. LFDS Commercial	1.4	80 %	12
3. 'C' Cinema	1.4	80 %	12
4. LTP - 1 Motive Power LTP - 2 "	1.0	80 %	14
5. Ag (Agricultural)	1.0	80 %	10
6. TS Temporary Supply	1.0	100 %	6

b) High Voltage & Extra High Voltage Service Connections :

No. of hours per day

1. One Shift	8
2. Two Shifts	16
3. Three Shifts	24

Note : A shift working is normally considered as 8 hours.

i) Demand Charges : For the purpose of assessment of maximum demand for the month, the Contract Demand or recorded demand of the consumers, whichever is higher will be taken as the maximum demand.

ii) Energy Charges : Quantity of electricity consumed will be worked out as under :

a) Industrial :

One Shift : Maximum Demand in KW x 8 hours x
duration in days.

Two Shifts: Maximum Demand in KW x 16 hours
x duration in days.

Three Shifts: Maximum Demand in KW x 24 hours
x duration in days.

b) Non-Industrial :

Maximum Demand in KW x Average working hours
(Subject to a maximum of 12 hours) x duration
in days.

24.05 The value of energy so assessed shall be collected, by including the same in the next bill or by a separate bill. Such amount shall always be deemed to be the arrears of electricity due for all purposes.

24.06 The Maximum Demand and energy consumption so arrived at as per Clause 24.04 above, will be charged excluding the energy consumption and maximum demand recorded by the meter, as per the rates specified in Clause 24.02.

24.07 Assessment Period :

a) For Low Voltage and Medium Voltage Consumers:

i) For services which are found to be working as per the records of the Licensee at the time of detection of the offence:-

The assessment period shall be the period commencing with the date on which the last meter reading for billing purpose was taken at the

consumers' service and ending on the date on which theft of energy or its wasteful use or its diversion was detected by the Licensee, subject to the following conditions:-

The energy consumption indicated from the last meter reading taken as mentioned above for the billing period ending on that date of meter reading shall be not less than the average energy consumption either during the immediately preceding three billing periods or the average energy consumption during the immediate next preceding three billing periods.

NOTE:- If this condition is not fulfilled, such other earlier meter reading date will be taken as the date of commencement of the assessment period as would fulfil the requirement of the condition mentioned above.

ii) For services which are found to be disconnected by the Licensee's staff or laid, but not connected, as per the records of the Licensee at the time of the detection of the offence :-

The assessment period shall be the period commencing with the date on which the service was disconnected or laid but not connected, as the case may be, and ending on the date on which the offence was detected by the Licensee.

b) For High voltage and Extra High voltage consumers:-

The assessment period shall be the period commencing with the date on which the last meter reading for billing purpose was taken at the

consumer's service and ending on the date on which theft of energy or its wasteful use or diversion was detected by the Licensee subject to the following conditions:-

The energy consumptions indicated from the last meter reading taken as mentioned above for the billing period ending on that date of meter reading shall not be less than the lowest value of the average energy consumption during the four immediately preceeding quarters, each comprising three billing periods.

NOTE:- If this condition is not fulfilled, such other earlier meter reading date will be taken as the date of commencement of the assessment period as would fulfil the requirement of the condition mentioned above.

24.08

The value of energy deemed to have been dishonestly abstracted, consumed or used by the consumer, or caused to be maliciously wastes or diverted, or prevented or caused to be prevented from being duly registered by the meter, indicator or apparatus installed by the Licensee at the consumer's premises, (which acts are hereinafter referred to as the "Offence") shall be assessed by the designated Assessing Authority of the Licensee as follows.

In the cases of all low and medium voltage consumers committing the offence, the designated Assessing Authority shall not be ordinarily below

the rank of an Engineer/Officer and in the cases of high voltage and extra high voltage consumers, the designated Assessing Authority shall not be ordinarily below the rank of a Senior Engineer/Senior Officer.

Appeal against assessment

i) In case the consumer feels aggrieved by the decision of the designated Assessing Authority regarding the assessment of the value of energy deemed to have been used by way of offence, he may approach in appeal the designated Appellate Authority of the Licensee ordinarily not below the rank of a Senior Engineer/Senior Officer in the cases of low and medium voltage consumers and a Deputy Chief Engineer in the cases of high voltage and extra high voltage consumers. The said Appellate Authority may reduce the value of the assessment, at his sole discretion, if the consumer is able to satisfy him that such reduction is justified looking to the facts and circumstances of the case, provided that the consumer lodges his appeal with the Appellate Authority within 10 days from the date on which the Assessing Authority had determined the value of assessment.

ii) No appeal, however, shall lie with the Appellate Authority unless the consumer has paid the amount equivalent to at least 60% of the value of energy assessed by the Assessing

Authority in cases where he desires to have his supply reconnected soon after the detection of the offence. If such reconnection is not desired, the condition precedent for the lodging of appeal with the Appellate Authority shall be the payment of at least 20% of the value of the assessment originally done by the Assessing Authority.

iii) The Appellate Authority shall give his final decision on the appeal lodged by the consumer with him within 30 days of the lodgement of such an appeal. Thereafter, the balances amount, if any, recoverable from the consumer or refundable to him as the case may be, as per the decision of the Appellate Authority, shall be accordingly dealt with within seven days of the date of the order of the Appellate Authority.

25.00 INTERPRETATION

25.01 These conditions shall be read and construed as being subject in all respects to the provisions of the Indian Electricity Act 1910, Electricity (Supply) Act, 1948, Indian Electricity Rules 1956 and Restrictions and Control Orders in force as amended from time to time and to the provisions of any other law relating to the supply of electricity for the time being in force and nothing herein above contained in these conditions shall abridge or prejudice the rights or remedies of the Licensee and the consumer under any Central Act or State Act or rules made thereunder.

PART II

MISCELLANEOUS CHARGES1.00 REGISTRATION CHARGE

- i) Single Phase supply for Residential .. Rs. 10.00
- ii) Single Phase supply for Commercial and 3 Phase supply under LFD rate including cinemas & temporary. .. Rs. 25.00
- iii) 3-Phase LT Agricultural .. Rs. 50.00
- iv) 3-Phase LT Industrial & Others .. Rs. 100.00

The above registration charges would also apply to temporary supplies as also to the cases, where the consumer applies for shifting of the connection to new premises.

1.01 SERVICE CONNECTIONS

- 1.02 For connecting up an installation, the Licensee shall be entitled to charge the consumer the actual cost of materials and labour involved plus 15 % thereof. The consumer will be required to pay for all the service lines in the consumer's premises and for the length placed beyond 30.33 meters from the Licensee's distribution mains, although not in their premises.

- 1.03 Extension, improvement or alteration to service lines to meet any additional demand will be charged on the same basis. In each case, the consumer will be furnished with an estimate of the cost of the work and this amount is payable in advance. On completion of the work, a bill for the actual amount payable will be raised

by the licensee and this bill amount will be adjusted against such advance amount paid by the consumer and any balance due to the consumer will be refunded to him or due from the consumer will be recovered from him as the case may be provided however if the amount due is less than Rs. 250/- the same will be adjusted in the energy bill for the purpose of recovery or refund.

- 1.04 Any revision in the Service line estimate done at the instance of the Consumer shall attract extra charges as under :

Service lines	-	Rs. 20.00
Distribution System in private property	-	Rs. 20.00
H.T. Service	-	Rs. 20.00

2.00 TEMPORARY SERVICE

2.01 The actual cost incurred for the service line comprising of material and labour, plus 15 percent supervision charges thereon, shall be recovered from the applicant. When the service is removed, the labour cost of dismantling the service and for transporting the materials back to the stores shall be charged to the applicant who will be allowed a credit for all materials received back in serviceable condition at the actual cost, less depreciation at the rate of 25 % for the first month or part thereof, and 6-1/4 % for each subsequent month or part thereof.

A deposit will be taken prior to the commencement of supply to cover the above charges and adjustments, if any, effected after the service has been approved.

2.02 Supply will be given for a period of one month only. However, the period can be extended, not exceeding one month on each occasion, subject to availability of power.

3.00 METER CHARGES ETC.
-----3.01 Meter Charges :

a) For Permanent Supply

- | | |
|------------------------------------------------|---------------------------------|
| i) Single Phase Meter | Rs. 3.50 per meter
per month |
| ii) Poly Phase Meters | Rs.10.00 per meter
per month |
| iii) H.T. metering | Rs. 300/- per month |
| iv) Demand meter for L.T.
Consumers. | Rs. 100/- per month |
| v) Time Switches with or
without KWh meter. | Rs. 100/- per month. |

b) For Temporary Supply

| i) Single Phase Meters | Rs. 7/- per meter
per month |
| ii) Poly Phase Meters | Rs.20/- per meter
per month |
| iii) H.T. metering equi-
pments | Rs 500/- per meter
per month |

3.02 Changing of Meter Boards Rs. 40/-
-----3.03 Changing of meter at the request of the consumer where
it is not necessitated by an increase in consumption.

Single Phase .. Rs. 10/-

Poly Phase .. Rs. 10/-

3.04 Testing of meter if it is proved to be correct, within
the prescribed limit

Single Phase .. Rs. 10/-

Poly Phase .. Rs. 25/-

H.T. Trivector .. Rs.100/-

4.00 INSTALLATION TESTING

- 4.01 The first test and inspection will be carried out free of charge, but should any further test or inspection be necessitated due to faults in the installations or due to non-compliance with the terms and conditions of supply of electricity, per extra test, the charges payable are

Single Phase Service	..	Rs. 10/-
Three Phase Service	..	Rs. 10/-

5.00 RECONNECTION CHARGES

- 5.01 The reconnection fees for an installation which is disconnected either at consumer's request or on account of non-payment of dues or infringement of the conditions of supply are as under :

a. For Low Tension Services

Class of Premises	At Cutouts		At Overhead Mains		At Under-ground Mains	
	1 Ph	3 Ph	1 Ph	3 Ph	1 Ph.	3 Ph
Residential	10	20	20	30	50	70
Commercial, Cinemas & Temporary	20	40	30	40	70	100
Industrial	40	120	60	150	100	200
Agricultural	-	40	-	60	-	100

b. High Tension Service - Rs. 500/-

Note

If owing to the staff of the Licensee being unable to obtain access to the meter, the disconnection has to be made from the Mains, either underground or overhead, the consumer shall have to pay all costs incidental to such disconnection and reconnection.

6.00 SERVICE CALL

6.01 Charges for attendance at consumer's premises where the failure of supply is due to a fault in the consumer's installation

Rs. 5/- for Low Tension consumers

Rs.25/- for High Tension consumers

6.02 Charges for attendance at consumer's premises at his request for any function (for a maximum 6 hours) or part thereof Rs. 100/- per person

7.00 TRANSFER OF SERVICE CONNECTION

ANNEXURE "B"

An Agreement made this _____ day of _____, One thousand nine hundred and _____ between The Surat Electricity Company Limited, a company registered under the Indian Companies Act, 1913 and having its Registered Office at Surat (hereinafter referred to as "The Company" which expression shall unless excluded by or repugnant to the context be deemed to include its successors and permitted assigns) of the one part and _____

(hereinafter referred to as "the Consumer" which expression shall unless excluded by or repugnant to the context include his heirs, executors, administrators and assigns) of the other part. Whereas the Company has agreed to supply and the Consumer has agreed to take energy at the premises mentioned in the Schedule hereto (hereinafter referred to as "the said premises") subject to the terms and conditions hereinafter contained.

NOW it is hereby agreed by and between the parties hereto as follows :-

1. The Company shall from the _____ day of _____ 19_____, and during the continuance of this agreement, supply the Consumer with the energy required by him for the purpose and up to the maximum quantity specified in the schedule hereto.
2. The Consumer shall pay to the Company on demand the cost of so much of any electric supply line as may be laid for the purpose of the supply line as it may be necessary to lay for the said purposes in excess of 30 metres from the Company's distributing main, although not on the said premises.
3. The supply shall be registered by a meter or meters in or upon the said premises which the Company shall provide and keep in order and replace whenever necessary on payment of the monthly rental in force from time to time. The Consumer shall be at liberty at any time to purchase another meter or meters and from and after the purchase thereof the Consumer shall be responsible for keeping the same in proper order.
4. The Consumer shall pay to the Company for the energy so supplied and registered as aforesaid at the rates from time to time in force and paid by similar consumers : Provided nevertheless that if at the end of twelve calendar months calculated on the first day of the month following that in which the supply was first commenced and at the end of each subsequent period of twelve calendar months during which this Agreement is in force, the value of energy supplied shall fall short of Rs. _____ being the guaranteed minimum revenue as is specified in the schedule hereto, the Consumer shall pay to the

Company the difference between the guaranteed minimum revenue and the value of energy supplied as per the Licensee's Tariff in force from time to time.

5. Readings of the meter or meters shall be taken by the Company once in each month or at such other intervals or times as they shall deem expedient and the Company's meter readers shall have access to the Consumer's premises at all reasonable times for the purpose of taking such readings. Payment for energy supplied shall be made by the Consumer according to the readings of each meter forthwith upon presentation of a bill therefor.

6. Should the Consumer dispute the accuracy of any meter not being his own property, the Consumer may upon giving notice and paying the prescribed fee, have the meter officially tested by the Company or the Electric Inspector, Surat in accordance with Section 26 of the Indian Electricity Act, 1910. In the event of the meter being tested by the Company and found to be beyond the limits of accuracy as prescribed, the testing fee will be returned and the amount adjusted in accordance with the result of the test taken in respect of the meter readings of the three months prior to the month in which the dispute has arisen due regard being paid to conditions of occupancy during the month under dispute and during the previous three months. In the event of the test being undertaken by the Electric Inspector, Surat and the meter being found to be incorrect, the period during which the meter shall be deemed to have been incorrect, and the amount of energy supplied to the Consumer during this period shall be decided by the Electric Inspector, Surat.

7. The consumer shall, on receipt of a requisition from the Company in this behalf deposit with them the sum of Rs. _____ as security for the purpose hereinafter mentioned, and shall on a like requisition from time to time renew or replenish such security in the event off the same becoming exhausted or insufficient. The Company shall be at liberty, at any time and from time to time, to appropriate and apply any security so deposited, as aforesaid in or towards the payment or satisfaction of all or any moneys which shall become due or owing by the consumer to the Company in respect of the supply of energy or otherwise under this agreement, but the provisions in this clause contained shall not prejudice any other remedy to which the Company may be entitled for the recovery of any such moneys. Interest on such deposit shall be paid to the consumer in accordance with the terms laid down in the Company's Conditions for the Supply of Energy.

8. This agreement shall be in force for a period of not less than two years in the first instance from the date of commencement of the supply specified in Clause 1 and thereafter shall continue from year to year until the agreement is determined as hereinafter provided.

9. The consumer shall not be at liberty save with the consent of the Company to determine this Agreement before the expiration of two years from the date of commencement of the supply of energy hereunder. The Consumer may determine this Agreement at any time after the said period on giving to the Company not less than one calendar month's previous notice in writing in that behalf and upon the expiration of the period of such notice, this Agreement shall cease and determine without prejudice to any right which may then have accrued to the Company hereunder; Provided always that the consumer may at any time with the previous consent of the Company transfer this Agreement to any other person and upon subscription of such transfer this Agreement shall be binding on the transferee and the Company and take effect in all respects as if the transferee had originally been a party hereto in place of the Consumer who shall thenceforth be discharged from all liability under or in respect hereof.

10. This Agreement shall be read and construed as subject in all respects to the provisions of the The Surat City Municipality and District Local Board Electric License, 1918, and to the provisions of the Indian Electricity Act, 1910, and the Rules for the time being in force thereunder as far as the same may respectively be applicable.

The supply of energy under this Agreement is also subject to the following among other provisions of law, namely :-

(i) If the Consumer fails within seven days after the date of service thereof upon him to comply with the terms of any notice in writing by the Company requiring him to give security for the purposes mentioned in Clause 7 hereof or to renew or replenish any security which may have been given for these purposes but which may have become exhausted or insufficient, the Company may discontinue the supply so long as such failure continues.

(ii) If the Consumer adopts any form of lamp or burner or uses the energy supplied or deals with it in any manner so as unduly or improperly to interfere with the efficient supply of energy to any other person by the Company or fails to keep in proper order any meter belonging to him by which the supply is registered, the Company may discontinue the supply so long as such lamp or burner is so adapted or the energy is so used or dealt with or the meter is not kept in proper order, as the case may be.

(iii) The Company shall not be bound to give or continue the supply if an Electric Inspector or other competent person appointed by the Government is satisfied that the electric lines, fittings, works or any other apparatus within the said premises are not in good order and condition and are likely to affect injuriously the use of energy by the Company or by other persons. Nor will the Company be responsible for any interruption or diminution in the supply of energy due to occurrences beyond their control.

(iv) If the Consumer makes any alterations or additions to any electric wires, fittings, works or apparatus belonging to him within the said premises, all such alterations and additions shall be notified to the Company by the Consumer before being connected to the source of supply with a view to their being examined and tested.

THE SCHEDULE REFERRED TO ABOVE

IS 4333 (Part I) 1967 and IS : 4333 (Part II) 1967, Terminology for Foodgrains IS : 2813-1970 as amended from time to time. Dehusked grains shall be the rice kernels whole or broken which have more than 1/4th of the surface of the area covered with the bran and determined as follows:—

ANALYSIS PROCEDURE—Out of 20 gms., representative sample of rice, immerse 5 gms. of mailed rice (excluding the other refractions but inclusive of brokens) in Metanil Yellow or Tartazine (0.05% by weight in distilled water) in a petridish and add a drop of concentrated Hydrochloric acid to it. Keep it for about a minute and then wash the rice kernels with water after purging out Metanil Yellow. The kernels

acquire a yellow stain. Dip these yellow stained kernels in 5 ml. of Methylene Blue (0.05%) by weight in distilled water) solution for a minute. Now the kernels are washed thrice with dilute Hydrochloric Acid (5% solution by volume in distilled water) and then twice with only water. The residendual bran on the milled rice. Kernels will be stained green while the rest of the kernels remain yellow. These stained grains are kept in water for about 5 minutes in case of raw rice and for about 10 minutes in case of boiled rice and again given a washing when the green and yellow stains become quite distinct making it easy for a proper assessment of the bran covering on the rice Kernel, green stain indicating the bran portion. The stain is stable and lasts for a long period.

Grains (including both whole and broken) having the bran covering (indicated by greenstain) more, then $1/4$ th of the surface area are picked out and counted and expressed as percentage as is done in case of Iodine Test. In case of broken, 3 pieces are counted as one full kernel.

In case rice kernels are dipped in Metanil Yellow or in Methylene Blue for more than the prescribed time of one minute then more washing should be given with dilute Hydrochloric Acid (5%) than the prescribed three washings.

2. The method of sampling is to be followed as given in D.I.S. "Method of sampling of cereals and pulses" No. IS-2814-1964 as amended from time to time.

3. Broken less than $1/8$ th of the size of full kernels will be treated as organic foreign matter. The broken of the size of $1/8$ th to $1/4$ th shall not exceed 5.0%. For determination of the size of the broken average length of the principal class of rice should be taken in to account.

4. Inorganic foreign matter shall not exceed 0.5% in any lot if it is more, the stocks should be cleaned and brought within the limit.

5. In case of parboiled rice, prepared by pressure parboiling technique, it will be ensured that correct process of par boiling is adopted i.e. pressure applied, the time for which pressure is applied, proper gelatinisation aeration and drying before milling are adequate to that the colour and cooking time of parboiled rice are good and free from encrustation of the grains.

UNIFORM SPECIFICATIONS FOR SUPERFINE RICE.

The rice shall be in sound merchantable condition, sweet, dry, clean wholesome of good foodvalue, uniform in colour and size of grains and free from moulds, weevils, obnoxious smell, discolouration, admixture of deleterious substances or colouring agents and all impurities except to the extent in the schedule below. It shall also conform to PFA Standards.
